Crown of Success is His Just Reward

50 Years in Cameron

R. H. McINTOSH

R. H. McIntosh is rounding out his 50th year as a resident-merchant in Cameron.

He came from his father's farm near Burlington in 1889 and received his training as a merchant from R. S. Porter, afterward forming a partnership with C. A. Lankford in the grocery business.

He was bookkeeper for Sanger & Joseph at the time he accepted a position with Cheeves Bros. where he has been managing partner for the past forty years, acquiring one-half partnership twenty-five years ago.

Mr. McIntosh is proud of his chosen profession, and of the growth and solidity of the business, which has been attained through the harmonious leadership of the late S. W. Cheeves and himself. They were brothers in spirit, purpose and business principles, and on the foundation of mutual confidence and respect has been built a business of which all concerned are justly proud —a business which has always stood for fair dealing, honesty and integrity.

Frank Cheeves, the jovial son of Mrs. S. W. Cheeves, represents the Cheeves interest in the firm.

How Mr. McIntosh has fulfilled his trust and performed his tasks is not for him to say but we take pleasure and pride in the fact that Mr. McIntosh enjoys an honored name that is second to none and an established reputation for integrity and square dealing that is undimmed by the years.

GUY T. NEWTON PRAISED BY EDUCATORS

Guy T. Newton, the Maysfield farm boy and son of a pioneer Presbyterian minister who became superintendent of public instruction in Milam county and lived to rear a monument high in the hearts of thousands, was praised Monday night by men of high estate in a memorial service held at First Presbyterian Church.

The service was sponsored by the Teachers Association of Milam county of which C. M. Hicks is president. Guy T. Newton died suddenly at his home in Cameron on September 8. The tributes were warm with appreciation for his contribution to life in his native county and were heard by an audience that packed the auditorium of the church.

Rev. O. C. Acrey, pastor, was master of ceremonies.

Judge W. G. Gillis speaking on Guy T. Newton as a citizen, emphasized the fact that Mr. Newton was the perfect example of the blending of heredity and envioronment, that the influence of his home and the southern atmosphere in which he was reared together with the fine characteristics handed down to him by his parents had manifested themselves in his life to such an extent as to make him outstanding as a citizen and friend.

After an interlude during which the quartette sang, L. A. Woods, State Superintendent of Public Instruction, who spoke on Guy T. Newton as an educator, cited the poem, "Two Builders" in which one, a builder of magnificent stone structures, achieved fame and recognition while the other, whose interest was in the cultivation of the mind, lived a simple life and was little known for his work. Mr. Woods pointed out the quiet, unassuming life Mr. Newton had lived but reiterated that his influence would live on in the lives ofthose with whom he had come in contact.

Dr. H. J. Ettlinger of the Mathmetics Department of the University of Texas, paid high tribute to Mr. Newton when he said that his mental capacity for mathmetics was unlimited and that this subject was fascinating to the educator because there was in him the desire to know the truth. Dr. Ettlinger brought out the fact that the late educator retained his education for the benefit of others. Mr. Newton was a student under Dr. Ettlinger and they were close friends.

DINNER IS HIGH SPOT FOR MEN

At a regular meeting of the American Legion on Tuesay night, final plans for the Armistice Day celebration were discussed, and all committees are functioning and the work is progressing.

It was decided to take tickets for the dinner at noon Saturday, off sale Thursay night, and everyone having assisted in the sale of tickets is asked to check in to the Finance Officer, R. W. Bennett, by that time. A preliminary check-up showed sales progressing even above expectations. The Legion is meeting with hearty co-operation from the public in general, and are congratulating themselves for throwing this annual Armistice Day Dinner open to the public to be held at 12 o'clock sharp at the Ada Henderson School.

All veterans, wheather members of the American Legion or not, are urged to assemble on the north side of the Square in Cameron by 10:30 on the morning of Saturday, Nov. 11, in order to participate in the parade and salute to the war dead. This parade of the colors will circle the block west of the Court House, and the salute will be given directly in front of the Court House. The parade will be in charge of John Sapp, and the firing squad is requested to report to his display room at 10 o'clock.

The rodeo, which will be held both Saturday and Sunday afternoon, is better avertised than any previous show, and a big crowd is expected to see one of the best shows ever offered in these parts. Both shows will take place at the Lawless Green Athletic field, where the Legion has built a modern rodeo plant, with a good grand- stand, holding pens with three shutes, a good sized, smooth arena and ample "catch pens".

The dance at night will begin at 8:30 at the National Hall just west of town, where the Texas Bleubonnet Boys will do the honors. There will be favors for everyone attending, and a good dance is assured.

As has been the custom for many years, the Legion will attend a church services in a body on the Sunday following Armistice. This year, they are fortunate in being invited to attend services at St. Monica's Catholic church at 10 o'clock Sunday morning. All veterans are asked to meet at the Auditorium Hotel on Sunday morning at 9:30, in order to attend the Memorial service in a body.

The Post has attempted to have the State Commander of the Legion in attendance, but was unable to do so on account of a previous engagement. However, both the Division and District commanders, Carl Mason and Jess Thompson will be at the banquet, as well as at the past-commanders sunrise breakfast that is being held at the Palace of Eats at 7 a. m. All present and past commanders of Legion posts in Milam county are particularly urged to come to this "Dutch Treat."

AGED FARMER ENDS LIFE

FRANK KOLBA, 74, DIES SUNDAY IN NORTH ELM HOME FROM GUNSHOT

Frank Kolba, 74, died almost instantly at 1 o'clock Sunday afternoon at his farm home in the North Elm community from a gunshot wound in his left breast. Shortly after the aged farmer was found by his wife and grand daughter kneeling before a dresser in his bed room. Justice of Peace Womack Brashear was called to hold an inquest. Mr. Brasher said Monday morning that he had rendered a verdict of suicide.

Mrs. Kolba told officials here that her husband had not been eating as usual during recent days and had appeared worried for sometime. It was thought he was concerned over losses sustained on his farm and that savings had been used somewhat to bolster his income.

According to Mrs. Kolba her husband left the lunch table Sunday and walked into the bed room. Mrs. Kolba and her grand daughter were in the kitchen when they heard a shot. Mrs. Kolka ran into the bed room and found her husband kneeling before a dresser. At first Mrs. Kolba did not know that her husband had inflicted the wound in his left breast but saw a box of shells for a .38 caliber pistol in the dresser. Belief was expressed that Mr. Kolba walked to the mirror on the dresser, opened his shirt and fired a pistol bullet into his beart.

Mr. Kolba, mortally wounded, was on his knees with hands resting on top of the dresser and within a few seconds sank to the floor and died shortly thereafter without regaining consciousness.

It was said that Mr. Kolba had recently learned that under the Soil Conservation Program he would be required to make changes in terraces on his farm and would be required to pay a portion of the expense.

Mr. Kolba was born in Europe but came to United States while quite young and for many years lived in the Burlington community. In 1906 he bought a farm in the North Elm community where he had been living since that time.

Funeral services were held Monday afternoon at 2 o'clock from the family residence with Rev. T. D. McCrary conducting the service. Interment was made in Oak Hill cemetery in Cameron with Coleman Funeral Home in charge of arrangements. The Yarrellton Masonic Lodge of which he had been a member for more than forty years, had charge of the services at the grave.

Mr. Kolba is survived by his widow; two sons, Ed Kolba, president of the Buckholts State Band, and Willie Kolba of Temple; and three daughters, Mrs. Vince Marek of Houston, Mrs. Bob Clements of Cameron and Mrs. Ola Kolba Sneed of North Elm.

4 New Gasolines Announced by Markham & Son Distributors For Independent Refining Company Of Arp; New Fuels Now On Sale In Cameron

Automobile and truck owners were showing increasing interest in the anuouncement of Markman & Son of four new fast action gasolines now being produced by the Independent Refining Company of Arp, Texas.

Markham & Son are distributors for Milam county and all four of these new gasolines are now availabe at the station of Markham & Son in Cameron.

In this issue of the Herald will be found an extended news article regarding the Refinery in East Texas and the men responsible for its success. Also a page advertisement is printed telling motorists about the new gasoline.

Already car owners have tested and approved the new motor fuels and Mr. Markham is well pleased with the reception accorded. Each day at 12:15 p. m. over Station KTEM a special broadcast is arranged on these new products. Mr. Markham has placed orders for aditional pumps to be installed at his station to give his increasing trade more dispatch on requirements.

These gasolines are produced in Texas by a Texas owned refinery, organized and developed by Texans. Mr. Markham has built up a large business on this famous East Texas gasoline.

WAYMON JENNESS IS BURIED

DIES HERE WEDNESDAY AFTER LONG ILLNESS

Waymon Jenness, 27, died at the home of his mother, Mrs. Ida Jenness at 3:30 p. m. Wednesday, November 8, 1939.

His condition had been extremely critical for more than 48 hours and his physician, Dr. T. Leland Denson, was almost constantly in touch with the patient and although every possible medical aid was given, he could not be restored. For more than two days prior to his death he was in a state of coma and did not regain consciousness.

For more than a year deceased had been ill, his health gradually declining. Dr. Denson said he had suffered for sometime from high blood pressure with heart and kidney ailments.

Mr. Jenness, a brother of Clifton Jenness, widely known automobile dealer, was a native of Milam county, son of the late Ray Jenness, a farmer in the Salem community.

Mr. Jenness was a graduate of Yoe High School in Cameron, graduating in 1931. Later he attended business college in Houston and when he had completed his course accepted a position in the Citizens National Bank of Cameron where a high value was placed upon his services over a period of several years.

When he left the service of Citizens National Bank in Cameron, he took a place with a Houston insurance company and remained with that company until the spring of 1939 when due to ill health, he returned to his home in Cameron. During his stay in Houston he suffered several attacks and his condition was cause for alarm to his family and friends.

Although his conition had been a matter of grave concern to his family and friends for some time, his death came with unusual shock and sorrow to the entire population of Cameron who had known him as a youth and as a success in the business world and placed a high estimate upon both his integrity and ability. His death is made doubly sorrowful because of his promise as a young man destined to go far in his chosen field of work, and today as the people of Cameron prepared to pay a last tribute to his memory, every heart was saddened by his untimely death and the loss which took its toll of grief from the hearts of so many of our citizens.

Funeral services were held at 2:30 p. m. at First Baptist Church of which he was a member. His pastor, Rev. V. M. Cloyd, conducted the services, paying a touching tribute to his Christian character and loyalty to the ideals which endeared him to so many. With the Leland Green Funeral Home directing arrangements, the body was interred in Oak Hill cemetery.

He is survived by his mother, Mrs. Ida Jenness of Cameron and one brother, Clifton Jenness also of Cameron.

Pall bearers were John A. Smith, Calvin Markham, Dwight Moody, Boyd Chamberlain, Make McDermott and Dean White.

TWELVE YEARS
By J. B. White

(Written on the occasion of the twelfth Armistice, November 11, 1930.)

HALLOWED fields, imperishable of memory, have been rich with wheat these twelve years.

Red poppies carpet hillsides beneath which old passions sleep forever. A new generation is growing up, shooled in the arts of Peace. The world forgets and it is well that it is so. But always at the Eleventh hour on the Eleventh day of the Eleventh month—like mists of the dawn—the shadowy legions march.

Red November leaves are falling down to the sheer brown earth, and Autum winds follow the path of hazy skies now taunting with somber colors and mellow light the fierce anger of Summer's big red sun.

Out of the East they come, in unnumbered thousands. They are the hosts of memory.

For one moment they pass in review. And in that moment, in their honor, the nation stands at salute. And it will ever be so.

Santa Fe Special For Yoemen-Tiger Game November 10

Happy days are here again.

The occasion is a football special train over the Santa Fe lines to Belton on Friday night for the annual Yoemen-Tiger game.

Special arrangements were made this week through W. DuBois, local agent, for the train to accomodate about 500 passengers to the game.

The train will leave Cameron at 6:20 p. m. on Friday, November 10 and will stop at Buckholts for passengers. Leaving Belton, the train will return at 10:30 p. m. The round trip fare will be 60c.

The Band Parents Association has announced that it will have the sandwich and cold drink privileges aboard the train and Cameron fans will be given every possible consideration. The band will make the trip as usual and the entire city and surrounding communities are urged to get aboard the special for the Belton game.

Tickets to Game Will be Sold Aboard Special

Tickets to the football game in Belton Friday night will be sold aboard the Santa Fe Special, it was announced by J. R. Hays, member of the Athletic Council.

This arrangement will greatly facilitate entrance to the football field in Belton

Mr. Hays said that 100 seats has been reserved for the Cameron band. It will be remembered that two years ago no reservation was made for the Cameron band and the members were forced to stand on the sidelines. Belton was severely criticized for this oversight in providing seating space for the band.

SCHOOL BUSSES ARE FOUND DEFECTIVE

School busses used in Milam county to transport students to rural as well as high schools, on the whole were found to be poor in equipment and meeting only partially laws governing their operation.

Hugo Horstmann, superintendent of schools in Buckholts, on Saturday, supervised inspection of 36 of a total of 40 busses in Milam county. Inspectors were Frank Conklin and Tom Gallamore of the State Highway Patrol. This inspection was arranged under instructions of W. E Driskill, Deputy State Superintendent of Public Intruction.

Lack of proper equipment required under law is regarded as deplorable and some immediate action is contemplated by law enforcement officers to require complete compliance with the regulations.

In making his report last Saturday, Mr. Horstmann said there will be a recheck on these busses on December 2, to ascertain whether they have complied with these regulations.

Mr. Horstmann said the inspectors found that 5 of the busses were being operated by drivers who do not have chauffeur's license.

The following defects on 36 busses were found: 5 without windshield wipers; 7 without lights; one without horn; 2 with defective tires; 14 without fire extinguishers.

Not one of the 36 busses carried first aid equipment, which is required under law. There were 29 without window guards; 10 without muffler exhaust; 4 with broken windows; 16 without an emergency door; 3 without school bus signs and 11 without adequate brakes.

Hitler Is Safe After Blast

Germany was making the most of the attempt on the life of Adolf Hitler in the explosion in the beer hall at Munich after the German leader had concluded an address on the anniversary of the revolution Wednesday.

Foreign influence was charged with responsibility for the explosion.

The unsuccessful attempt on the life of the German leader overshadowed news of the war fronts and there is little to report today aside from the fact that Hitler is now safe in Berlin and the German Secret Service is reported trying to find a clue and the government has offered a reward of $200,000.

BON FIRE TO WHIP UP SCHOOL SPIRIT

A gigantic pep rally and a large bon fire will be held at City Park at 7 o'clock this evening, it was announced yesterday by leaders of the Yoe High School pep squad.

A procession of students and interested fans will stage a snake dance, passing through the principal streets of the city following the bon fire.

The public is cordially invited and urged to attend the pep rally which preceds the annual Yoemen-Tiger game in Belton on Friday night where fans will go aboard a special train over the Santa Fe.

last Thursday afternoon the B squad defeated Thrall by a score of 14 to 0.

Chickens to Eat Scientifically Raised and Wrapped in Cellophane; Style and Sanitation Hit old Hen House; 200 Ready Saturday

Chickens to eat—produced under the most modern, scientific and sanitary conditions will be available in Cameron food stores Saturday. The initial dressing of 200 will be made at the Monroe Smith house on Friday afternoon.

For the first time in the history of Milam county chickens produced for your table are available with all of the scientific feeding and equipment necessary to give them the maximum of deliciousness.

These chickens are purchased from the hatchery one week old and under the scientific feeding processes at their home, and it is a modern home, they are on an average ready to eat within 8 weeks.

A visit this morning by a representative of the Daily Herald to this modern chicken home located in the eastern portion of the city, revealed a surpising detail of modern developments in producing eating chickens. These chickens are never at any time permitted to touch the ground. They are raised exclusively in batteries scientifically constructed, heated and with every sanitary protection. The house has a concrete floor, sewerage, special heating elements including a large air circulating unit automatically controlled to keep a temperature of 70 degrees. Feed is mixed scientifically and to supplant the usual contact of chickens with the ground and sunshine, these chickens are given in their feed cod liver oil and other scientific preparations which give them the same vitamins they ordinarily get from sunshine and open air contacts.

Adjoining the development room where there are a large number of batteries, each filled with growing chickens, is a room furnished with equipment to prepare the chickens for market. They are scientifically killed and are permitted to hang from especially devised racks so that all blood drains from the body. They are then scalded in water of a given temperature and all feathers removed. The chickens are drawn and allowed to hang so that all moisture disappers. They are then placed in cellophane bags that are moisture proof and delivered to your favorite market and no hands are permitted to touch them after they are prepared for sale.

The advantage in producing eating chickens under these conditions, it was said by Mr. Smith, is their meat is much more perfect, can be more easily prepared for eating, and each chicken is guaranteed to be clean, because at no time has it been permitted to feed upon anything except the scientific formula. A special mixing room adjoining the batteries, is used to prepare the feed. Mr. Smith has about 1700 chickens in this house and believes he will be able to market 200 each week. These chickens will be sold from the house at the same price they can be purchased at the markets.

These chickens are a cross breed similar to those used in the famous Sunshine Hatcheries Farm at Smiley, Texas, where millions of chickens are produced for eating purposes each year.

As a further incentive for buying these chickens, it is pointed out that chickens produced in the open are never ready for eating, if at best, until after they have been housed and fed for a period of time. Cameron housewives tomorrow can demand of their market scientifically raised chickens with all the appetizing elements that modern science can produce and wraped in cellophane bags.

Miss Bonnelle Hubert of Austin is in Cameron where she is employed in the office of Harvie Yoe, NYA Area Supervisor.

Those from First Methodist Church who will attend the Texas Annual Conference to be held in Houston Tuesday at 7:30 p. m. are Rev. A. J. McCary, Judge Jeff T. Kemp, Niley Smith and Mrs. R. L. Batte.

B SQUAD TO PLAY BELTON HERE THURSDAY

The Cameron B squad will meet the Belton B team on Yoemen field Thursday night at 7:30 for their first game against this team.

Coach R. T. Patterson believes his team has a good chance to win against the Belton B team and said he felt sure his team could win if they would play hard enough. On last Thursday afternoon the B squad defeated Thrall by a score of 14 to 0.

HITLER TELLS BELGIUM TO STAY CLEAR ALLIES

A broadcast from Paris today said that Germany had sent an ultimatum to Belgium warning that little country against making any alliance with Britain or France or any other country.

There was belief in French and British circles that the German ultimatum is the forerunner of an invasion of Belgium in order to improve the position of the German army and to provide air and naval bases across the English Channel.

Military experts pointed out that Germany cannot hope to succeed with a land attack unless Holland, Belgium or Switzerland are invaded.

The situation in Belgium was considered so grave that King Albert had summoned a meeting of his parliament. The Belgians are expected to tell Germany that no alliance will be made with England and France unless her independence is threatened.

There was no war in Europe and the expected reopening of hostilities was not forthcoming. Germany told the Norweigian government that the Reich would take suitable measures to deal with the City of Flint case in which the Norweigian government turned the vessel over to the American crew.

CARD OF THANKS

We wish to express our heartfelt thanks for the many kind words and acts of sympathy extended us during our recent great bereavements. We sincerely thank those who sent flowers and to all who assisted us in any way we are sincerely grateful.
G. W. Roden and family.

Got a NEW Car?

We'll bet it's a beauty—for they're all beauties, these new 1940 models. And performance! Well, if half you hear is true, they're tuned to the times—you can go faster, more safely, more comfortably, more economically in the new cars than you've ever gone before . . . All in all, you've reason to be proud of your new car—it runs right and it looks good. And it goes without saying that you want to keep it running right and looking good . . . Here's how you can turn the trick: shift the care of your car to Humble's shoulders . . . Begin right, begin right now . . . Take your new car to the nearest Humble sign, fill it up with a LEADED Humble gasoline, use Humble's Balanced 997 Motor Oil. Let the station lubricate it at regular intervals, let them keep it clean for you, and every now and again, let them give the paint a special cleaning and paint-preserving polish . . . Not once—but every time—stop for service where you see the Humble sign.

Ancient Grid Feud Will be Resumed in Belton Friday

Gridiron tradition is strong. When Cameron and Belton play their annual game on the night of November 10 in Belton, whatever the fortunes of the two teams, it remains the most colorful attraction of the entire season.

Based on the showing of the Yoemen on last Friday night against Killeen, predictions are being freely made that the game in Belton Friday night will be one of the most bitterly fought gridiron battles in Central Texas.

In the long run of competition between the two teams, Cameron has not defeated Belton in years. Since the district was organized with the exception of tie-games, Belton has always defeated the Yoemen. Despite this record the game is always the best game of the year for the Cameron team.

Looking over the material left on the Yoemen team after the decimation via the cigarette route, I see an improved ball club although scars left by the dismissal of first stringers are still visible.

The showing of Fred Allen, 137 pound half back of Buckholts, on last Friday night was very encouraging. Through an error on information given at the beginning of the season Allen was reported as a sophomore. He is a senior and 17 years old. He may have one more year of eligibility at football, but this fact could not be ascertained at this writing.

Warren Brashear who made the sensational 85 yard run on Friday night when he took a Kangaroo kick-off deep in his own territory, is a senior and 18 years old. He weighs 118 pounds and is a half back calling signals. He played his first football in the spring of 1938, that being the first time he put on uniform. He is a good pass catcher, a good blocker and is perhaps the fastest man in the conference. His size and weight have been a handicap to him but his aggressive play has lifted him to the top of the heap growing out of the early scramble for places on the 1939 team.

Walter (Pie) Lucas is a senior this year and has had the burden of the tail back position and has carried the ball more times than any other Yoemen. He is 17 years old. Pie is fighting for a place in Yoemen traditions and although he has played ragged football on one or two occasions, he is nevertheless not only a great possibility for the Belton game, but for all district selection. Pie can pass and punt too but he has had a little trouble fumbling the ball. In the Taylor game here on October 27, in the first play Pie fumbled the ball and the Ducks made a touchdown from the Yoemen 17 yard line. It will be remembered that in the 1938 Cameron-Belton game, a fumble by Lucas cost the Yoemen the game on penetrations. It is no secret that Pie is on the watch this year and will be desperate in his efforts to overcome any fumable possibilities in the game Friday night. He obtained his entire schooling in Cameron. He has lots of drive and can play good football whenever he has the urge.

ADDS NEW SERVICE

Fred Reno at the Palace of Sweets is giving Cameron something new in the way of service at his fountain Recently a modern kitchen was installed and the public is now buying hamburgers, sandwiches, plate lunches, chilli and homemade pies.

This department of the Palace of Sweets is under the supervision of Mrs. Emma Moore. The new service is proving popular as the menu selection is varied and the food most excellent.

BUCKHOLTS PHANTOM IS SENSATION OF WIN WITH BRASHEAR IN LONG RUN

By THE DUMB REPORTER

The dazzling speed of an antelope and the spirit of a Tartar can hardly describe the play of a little 137 pound Yoemen half back Friday night.

He is 17 years old and hails from Buckholts, Texas, and the most encouraging thing about him is that he is a sophomore, and his name is Fred Allen. Pacing the Yoemen to a smashing, spetacular victory over the Killeen Kangaroos, Allen gave as fine an exhibition of rapid fire football as ever seen on the Yoemen gridiron.

Although Allen weighs only 137 pounds, is handicaped as a light weight, his spirit gave him fighting power enough Friday night to overcome this lack of poundage.

Allen was a sensation all night. He scored the Yoemen's first touchdown with a 7 yard run on a reverse play in the second quarter. That was not enough to satisfy the flaming spirit of the Buckholts phantom. In the third quarter he took a pass from Pie Lucas and raced 12 yards for a touchdown and another pass for 42 yards resulted in a touchdown.

Climaxing the brilliant Yoemen play for the evening, when Killeen kicked off at the beginning of the second half Warren Brashear, 118 pound half back took the ball deep in Yoemen territory and raced 85 yards for a touchdown but the officials ruled that he stepped out of bounds on the 50 yard line and the play was nullified.

Pie Lucas playing in the tail back position, made the final touchdown for the Yoemen in the last quarter after the team had taken the ball down to the Killeen 2 yard line. Lucas ran the ball over for the last score.

Charlie Halloway kicked one goal out of 4 attempts and the game ended with Cameron winning 25 to 0.

Killeen threatened only twice during the game and threw 18 passes completing only 3. The Yoemen fared little better and were able to completeing only 3. The Yoemen In the line Walter Black was a standout at tackle. Black is a senior and hails from Jones Prairie, is 18 years old and is playing his last year. On the whole the Cameron line played consistent football and hopes are brighter over the coming games on next Friday night in Belton when the Yoemen take on the Tigers in their annual meeting.

Somebody was unkind to the dumb reporter. Just a little tip would have kept us off of that high limb. It was a brisk fall but I had it coming. I underestimated the Yoemen as badly as I underestimated the power of the Taylor Ducks.

The Yoemen looked like an improved team against Killeen but the dumb reporter today looks dumber than usual

Woodson Hawkins Taken to Asylum In Austin Friday.

Woodson Hawkins, who was found to be of unsound mind by a jury in county court here, was taken to an institution for the mentally ill in Austin on Friday.

Hawkins had been indicted by a recent grand jury for the murder of W. E. Murray. Murray died on Sept. 9, from knife wounds inflicted by Hawkins when the two aged men engaged in a fight at the county poor farm.

Mr. and Mrs. John Angell of Beaumont attended the fathers funeral at Walkers Creek on Friday afternoon.

Hugo E. Borchmann, superintendent of the Buckholts school, transacted business at the office of the county superintendent Saturday morning.

Mr. and Mrs. T. D. Ferguson of Gause were Cameron business visitors Friday. Mr. Ferguson is a former justice of peace for precinct 3.

Former Rockdale Woman Dies in San Antonio

Funeral services were held Thursday in Rockdale for Mrs. R. M. Penick of Austin, who died in San Antonio on Wednesday. Rev. J. P. Love, pastor, Episcopal Church of Cameron, officiated at the services. He was assisted by Dr. Hancock of Austin.

Mrs. Penick was the younger daughter of the late Mr. and Mrs. J. L. Lockett, one of Rockdale's oldest families. She is survived by a son and daughter; one sister, Mrs. L. W. Sledge of Rockdale and one brother J. L. Lockett of Houston.

Mrs. John Seidl of Burlington, patient in a Temple hospital, is reported improving after a critical illness. Friends of her community as well as in other communities are happy to learn she is better.

Mrs. H. F. Smith, who has been in Temple hospital for the past week, is reported improving nicely. Her many friends here will be happy to know she is doing well.

Tom H. Freeman of Salin was in Cameron Friday transacting business. Mr. Freeman was formerly a prominent business man of the Rosebud section and is a brother of the late J. K. Freeman of Cameron.

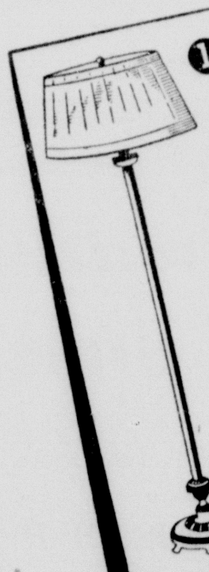
THE SMALLEST ITEM OF The AVERAGE FAMILY BUDGET IS T. P. & L. SERVICE

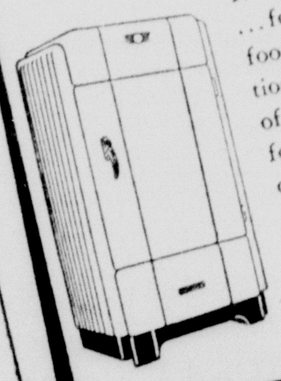
"MY T.P.&L. SERVICE BILL REPRESENTS TEN SERVICES AT A COST OF ONLY 12 CENTS PER DAY"

Your TP&L Electric Service Bill, too, represents *many low-cost services,* as you will find when you analyze it. For example, here is a group of services which, based on average use, electricity will perform for you at a cost of only 12 cents per day.

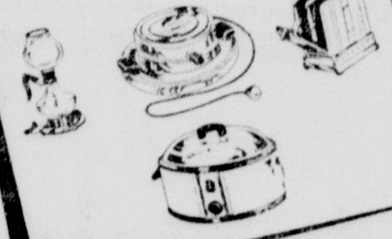
❶ LIGHTING
Proper lighting for comfortable living in the average 5-room house.



❷ REFRIGERATION
Automatic electric refrigeration ...for perfect food protection... plenty of ice cubes... for a family of four



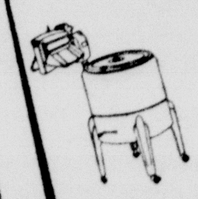
❸ COOKING
Cooking electrically with such appliances as the toaster, waffle iron, roaster, and percolator to meet the usual requirements of a family of four.



❹ CLEANING
Cleaning the rugs throughout the house two or three times a week with an electric sweeper.

❺ COOLING
Cooling with electric fans to make the home more comfortable during hot days and nights.

❻ WASHING
Washing for all the family each week with the electric washer.



❼ IRONING
Ironing the family wash the easy way ...electrically.

❽ RADIO
Daily radio entertainment, news, music and special features for all the family.

❾ FOOD MIXING
Using the electric mixer for the many tasks it performs in the kitchen.

❿ KEEPING TIME
Correct time always with electric clocks in living room, bedroom and kitchen.

THIS SAME AMOUNT OF SERVICE IN 1927 WOULD HAVE COST ABOUT 20 CENTS PER DAY

TP&L Electric Service rates have gone down consistently . . . while the cost of living has risen sharply from time to time. Use of these ten services under today's low rates cost only slightly more than one-half what their use would have cost in 1927. TP&L service is cheaper and more useful today than any other item in the family budget!

JOIN RED CROSS

AN OPEN LETTER

To Citizens of Milam County:

The American Red Cross is asking for a million new members this year to speed up and make adequate its facilities for peace time services at home, and its multiplied errands of mercy abroad.

In every county in the United States where volunteer workers are available, the Red Cross carries on its humanitarian work. Citizens of every country are given opportunity to make their local unit a forceful menas of aid and protection for the unfortunate in their communities.

In Milam county, where citizens often boast of a population approaching forty thousand, there are only four or five persons who give any time and thought and energy to Red Cross work the year around as a voluntary service.

It is often difficult and sometimes impossible to find anyone willing to give a small fraction of their time to asking for Red Cross members among their neighbors.

Appeals for roll call workers for a short time in November are frequently met with such indifferent and callous replies as "I'm too busy," "I don't want to be bothered," and "don't ask me."

Every community in the county should have Red Cross members who can confer with each other about local needs and give reliable information to the county executive committee concerning aid required.

Attention to eligible emergency cases of acute need, and distribution of powerful yeast to pellagra cases constitues the main activity of your county Red Cross chapter at the present time.

Funds are often woefully inadequate to care for cases requiring hospitalization and expensixe medicine.

Other Red Cross services that would be helpful and worthwhile are not here because volunteer workters and funds are not made available by our citizens.

A Red Cross membership of at least one thousand is needed in Milam county, and could easily be attained if that many of our own people would allow their true spirit of fairness and good sense to come to the aid of the Red Cross.

Do your bit, and join.

It costs a dollar.

The Milam County Chapter,
American Red Cross.

Richard Bush, manager of the Community Gas Company of Cameron, has been appointed Roll Call Chairman for the Milam County Chapter, American Red Cross.

Committee in Cameron and local chairmen in other towns are being appointed.

The Roll Call will begin on Armistice Day, and close Thanksgiving Day.

Call us for Honest, Competent Radio Repair Service.

Miss Freida Meek of Burlington became the bride of Antone Anderle of Cameron in a double ring ceremony performed at St. Michael's Church in Burlington Tuesday morning at 8 o'clock with Rev. T. F. O'-Sullivan officiating. The bride who is the daughter of Mr. and Mrs. John Meek, was beautifully dressed in a formal gown of white brocade chiffon, form fitted with a sweetheart neck and two pearl clips at the shoulder line. The dress made with a train, was covered with a bridal veil caught in a bandeau worn by the bride. She wore a gold necklace and carried a boupuet of gladiolus. She was given in marriage by her brother, Ruolph Meek. The bride's sister, Miss Tillie Meek, was maid of honor and wore a rose colored taffeta evening dress made in the latest bustle style with puff sleeves and a clip at the neck. At the nape of her neck she wore a band of silver flowers and the silver motif was also observed in her sandals. She carried a bouquet of rose carnations. Miss Theresa Anderle, sister of the groom and also an attendant was dressed like the maid of honor. The other two attendants of the bride, Misses Gertrude Jistel and Cecilia Geiser, were dressed in blue taffeta evening drsses also styled like those of Miss Meek and carried bouquets of blue carnations. The flower girl, little Miss Ruth Janet Olbrich wore a rose taffeta floor length dress with a rose colored bow of ribbon in her hair. Joe Hoff acted as ring bearer for the couple. Attendants of the groom were his brother, Alvin Anderle, who served as best man, Raymond Meek, Jerry Kostroun and Joe Walzel. John Busker played the organ rendering the wedding march and softly playing "Ave Maria" during the ceremony. Hugh Martin, Mrs. Frank Hanel and Miss Rosena Michalka sang. Following the ceremony a reception, to which hundreds of friends were invited, was given at the home of the bride's parents with a dance at the Burlington hall in the evening concluding the day. Shortly thereafter the couple left for a wedding trip after which they will be at home in Cameron.

JOHN DOHNALIK BURIED AT MARAK

Funeral services were held Thursday morning, November 2, at 9 o'clock from the Marak Catholic Church for John Dohnalik, 63 year old citizen of that community who died on Tuesday morning following a heart attack.

Mr. Dohnalik, a well known citizen of Milam county and a prominent farmer of his community, was born in Moravia but came to United States in 1902. He had lived in Milam county for the past 17 years having moved here from Rosebud.

He is survived by his widow, Mrs. Josephine Dohnalik, and three children, Joe, Charlie and Miss Agnes Dohnalik.

CARD OF THANKS

We wish to express our thanks and appreciation for the many kindnesses and thoughtful deeds shown us by our neighbors and friends at the death of our loved one. To those who responded so generoulsy in our hour of need, we are sincerely grateful. We wish especially to thank those who gave flowers and we shall remember always the words of consolation and expressions of sympathy.

Mrs. Josephine Dohnalik.
Miss Agnes Dohnalik.
Mr. and Mrs. Joe Dohnalik.
Mr. and Mrs. Charlie Dohnalik.

Temple to Rogers Highway Now Open

Highway 36 from Milam county line to Temple is now open for traffic.

This new road under construction for more than a year, provides a saving in distance to Temple and Belton and points west.

Completion of this road, while greatly desired by the traveling publice, further emphasizes the isolation of Milam county in the plans of the Highway Commission at Austin. The road from Cameron to the Milam county line near Rogers if given the same consideration, would greatly improve the roadway west.

CHRISTIAN SCIENCE SERVICES

"Mortals and Immortals" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, November 12.

The Golden Text is: "Henceforth know we no man after the flesh" (II Corinthians 5:16.)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "As is the earthly, such are they also that are earthy: and as is the heavenly, such are they also that are heavenly. And as we have borne the image of the earthy, we shall also bear the image of the heavenly" (I Corinthians 15:48, 49.)

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The sinless joy,—the perfect harmony and immortality of Life, posssessing unlimited divine beauty and goodness without a single bodily pleasure or pain—constitutes the only veritable, indestructible man, whose being is spiritual" (page 76.)

Ask Business Men To Close Early For Football Special

A committee of ten business men selected from the membership of the Rotary and Lions clubs will canvas the city on Thursday morning to ask business houses to close early enough for employees to go to the Cameron-Belton football game on the special train over the Santa Fe lines.

The committee met at 3 p. m. Wednesday afternoon at the Chamber of Commerce to make plans for the canvass.

Business men who cannot go themselves, will be asked to take over the extra burden of waiting on customers and permit their employees to leave the store around 5:45 or 6 o'clock so they may have time enough to catch the train.

This is an admirable gesture and it was expected it would result in an increased passenger list Friday night.

Now is the time to build and repair. Buy now and pay later on easy payments. Grant Lumber Co.

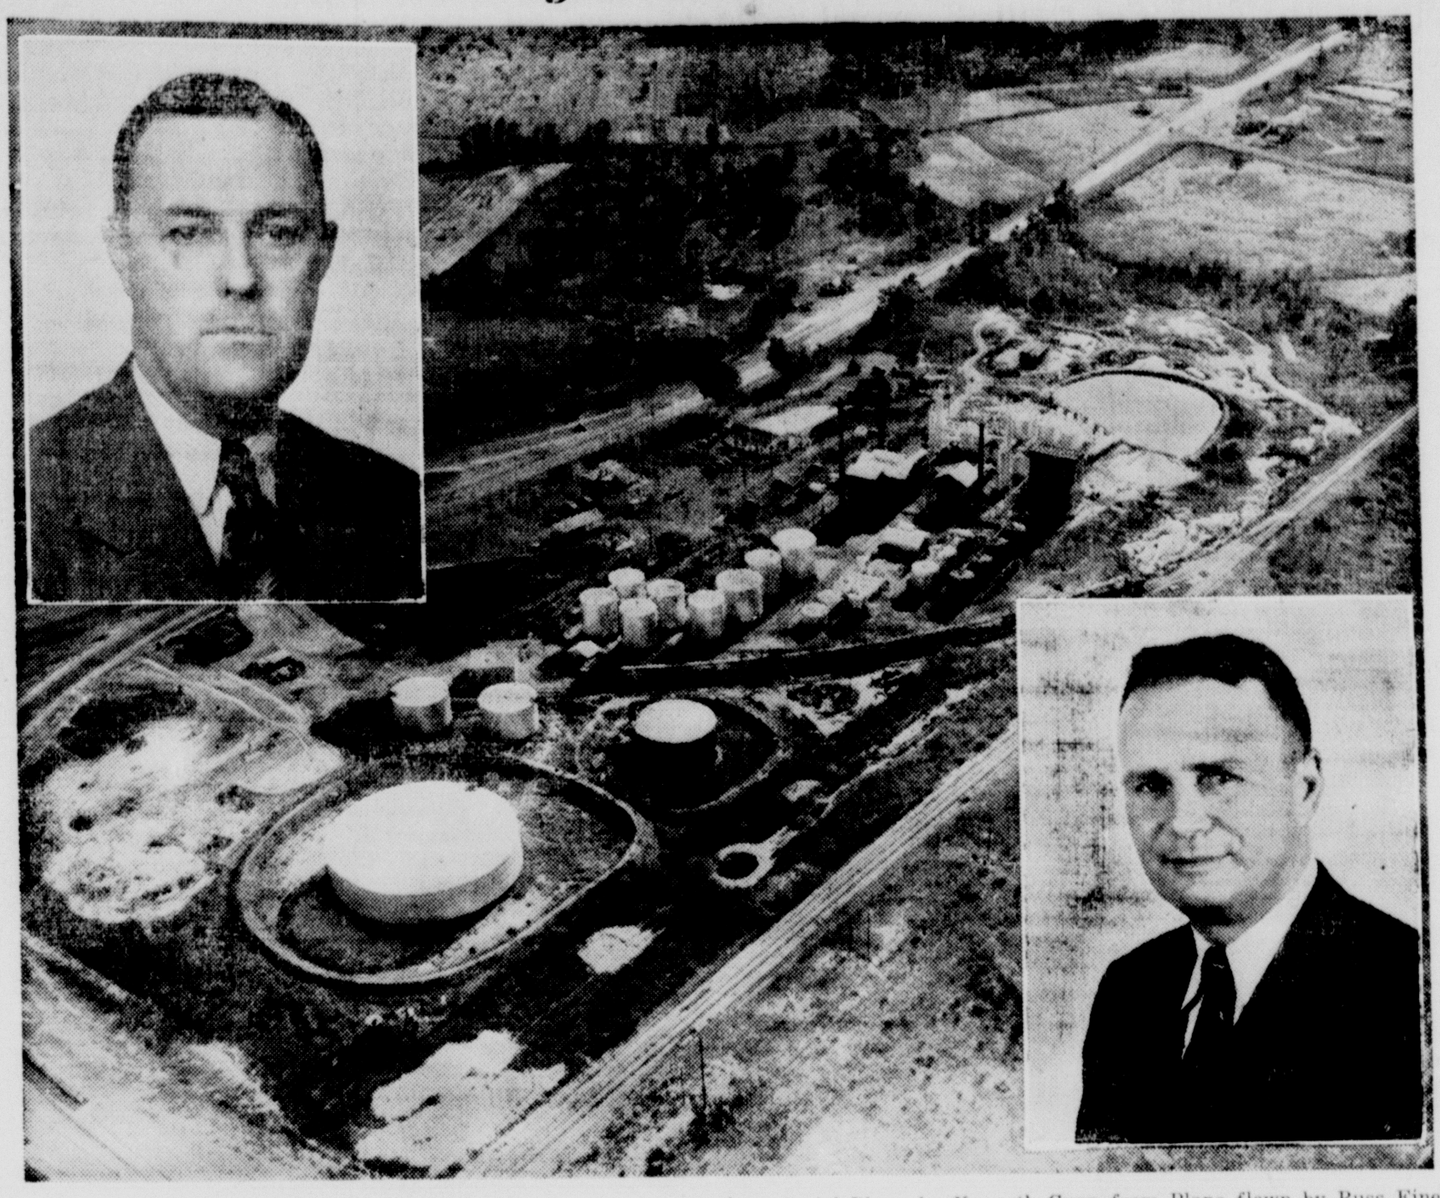
"Build-Up": Way to Ease Women's Pain

Many weak, run-down women are in a vicious circle. Their undernourishment often leads to what is called *functional dysmenorrhea* and its symptoms — headaches, nervousness, irritability, intermittent cramp-like pains—from which many women suffer. Surest way to break the vicious circle is by building strength and energy, which so many find may be done with the help of CARDUI. It stimulates appetite, aids digestion, and thus helps in this "build-up" of physical resistance. Women also report that, if taken just before and during "the time," CARDUI helps to ease the pain and discomfort of the period.

East Texas Refinery Markets Four New Gasolines



Aerial Photo by Kenneth Gunn from Plane flown by Russ Finefrock

Plant Represents An Investment of $350,000; Supports 350 Families; Has Capacity of 5,000 Barrels Per Day

A major East Texas industry is represented in the Arp plant of the Independent Refining Company which represents an investment of $350,000 and which directly contributes to the support of some 350 families of employees engaged in production and distribution of the refinery's Inreco products.

The plant has a capacity of 5,000 barrels of crude oil daily, and the output averages two and a half million gallons of gasoline a month. The area of distribution includes most of the eastern half of the state, with jobbers being located at strategic points to assure prompt deliveries.

As the firm name implies, this enterprise is independent, and it is an East Texas industry 100 per cent. It is owned and operated altogether by East Texans and the products are derived from East Texas crude and marketed in the eastern half of the state. Through taxes, salaries and other expenditures in this section, East Texas gains much in financial benefit from the Independent Refining Company system.

Owned by Tyler Man

The company is part of the W. R. Skeen oil interests. Skeen, a resident of Tyler, has been actively interested in all phases of the oil business in East Texas ever since the discovery of original production near Joinerville, in Rusk county.

Other experienced oilmen are in charge of operations. C. W. Curtis, general manager, has been engaged in the business for the past 20 years. Ten years of that period were spent in refinery operation.

John Pool, sales manager, has had 15 years' experience in the oil business, many years of which were in sales work.

C. Zimmerman, plant superintendent, has been actively engaged in the construction and operation of oil refineries since 1918.

Lead Process Added

A recent addition to plant facilities of the refinery is a lead processing unit, authorized by the well-known Ethyl Corporation. Through its use, the Independent Refining Company's plant assumes a prominent place among the leading and largest refineries of the country in the matter of providing the trade with the highest quality gas obtainable, chemically treated for maximum motor performance.

Three other grades of gasoline are refined at the Arp plant, all being subjected to strict laboratory requirements as to quality. The plant maintains a laboratory for testing all products to assure uniform quality before the products go on the market.

Distributors in this area of East Texas include E. L. Robertson whose territory lies within Smith and Henderson counties. Other distributors include the Fort City Oil company of Nacogdoches, serving Nacogdoches, San Augustine, Shelby and Panola counties.

Dealers to Be Guests

Jobbers and dealers of the company will be guests of the company Nov. 14 at the refinery. They will be shown through the plant and made familiar with all its operations and will be feted at a dinner in the evening. Movies showing the superiority of the Independent plant's Ethyl gasoline will be shown by representatives of the Ethyl Corporation. Similar meetings, of an educational nature, will be held at later dates at Lufkin and probably at other cities in the area served by the Arp refinery.

Markham & Son in Cameron are distributors for Inreco products in Milam county and now have these four new gasolines available for the public at their modern service station in Cameron across from the post office.

Gus Winston was a recent Cameron visitor spending a few days in homes of relatives and friends. Mr. Winston was reared in the Minerva community in the home of his uncle, Jim Terry. He is now a resident of Birmingham, Alabama.

Sophs to Get Big Chance in Game Against Belton Tigers

By THE DUMB REPORTER

A lot of intensive work was going on out at Yoemen field this week in preparation for the annual game with the Belton Tigers to be played in Belton on Friday night.

Interest among the fans was having its effect on the team as the men were getting in a lot of hard work and hopeful that victory might select the Yoemen banner for the night for the first time since conference play was inaugurated between the teams.

Coach Bob Safley's Belton Tigers have fared badly this season. In fact I saw them so decisively defeated by McGregor I was compelled to believe they would not win a single conference game.

Bob Safley, one of the outstanding Class B coaches of Texas, has built only a fair Tiger team from poor material this year. On last Friday night he was able to win from Rosebud only by capitalizing on a fumble. The Yoemen defeated Killeen by a much larger score than did Belton. The Tigers have been defeated by Georgetown and Taylor in conference play and are out of the district race but will be strong to keep up the traditions of victory over the Yoemen on Friday night.

Indications are that weather conditions will be ideal and Cameron was expected to send at least 500 fans aboard the Santa Fe Special to Belton Friday night. The train will leave Cameron at 6:20 and on the return trip wil leave Belton at 10:15 immediately after the game.

Faced with the problem of rebuilding the team after the dismissal of four Yoemen for breaking training rules, Coach Wood has thus far been able to capitalize on the spirit and determination of several men who did not get into the early picture as first stringers.

Notablly among the boys who will get the chance Friday night are a number of sophomores.

Robert Lee Salach, a 16 year old sophomore born and reared in Cameron, has been playing center all year and has made good. He was on the B squad last year an Coach Wood thinks he has great possibilities. At first he lacked initiative but has overcome this to a great extent. He is a good student and weighs 165 pounds and played his first game against Caldwell this year. His record will show that his passes from center have been in the main very accurate. He has two more years of football eligibility.

A regular who has stood out this year both in co--operation with his coach and team mates, is Cecil (Red) Tindall playing left end. Tindall is a good pass catcher and has learned all of his football under Coach Wood. He is a hard tackler, can catch a pass and is good on defense. He is only 16 years old and a junior and has one more year of eligibility. He lettered in 1938 and was born and reared in Cameron. Due to illness he did not play in the Mexico City game. Tindall will be anxiously awaiting an opportunity to go to war against Belton Friday night.

Joe Sevcik weighing 183 pounds and 17 years old, is a senior and lives at Buckholts. He is a first string tackle and alternates with Sleepy Holloway at that position. Joe was on the B team last year and Coach Wood believes that due to his size and willingness, his possibilities are very bright. Joe seems hesitant to show the fighting spirit a good tackle must have, but on the whole this year has played a good game for the Yoemen. He played a good game against Killeen and will be a valuable man in the line Friday night when the Yoemen play Belton. His age indicates he has one more year eligibility but this is not definitely assured.

The most encouraging prospect on the entire team is C. E. Woodum, a block of dynamite from Hoyte. He is 16 years old and weighs 165 pounds and plays guard. He was on the 1938 squad but did not letter. He has attended high school in Cameron since he graduated from grammar school, coming in as a freshman. He has already satisfied Coach Wood that he has the fighting spirit and will be a valuable man in the game Friday night and can return under the age limit in 1940 although he is a senior. Woodum has turned in a consistently good game all year and it is no secret that he has been a source of great consolation to Coach Wood who found himself short on line material at the beginning of the season.

Temple Youth Faces Theft Charge Here

Raymond Schiller, Temple youth, is in the Milam county jail facing charges of theft. Schiller is alleged to have taken articles of clothing from the room of Jamie Clark who lives at the Crystal hotel near Thorndale.

Sheriff Kennedy who with Fred Gant, constable of Thorndale, arrested Schiller in Temple late Tuesday, said Schiller had spent the night with Clark. Clark left Monday morning to deliver his mail on a rural route out of San Gabriel and when he returned late that night found his room had been ransacked and his clothing taken.

L. (PETE) WILSON BURIED IN CAMERON

Funeral services were held Friday afternoon, November 3, at 3 o'clock for L. (Uncle Pete) Wilson, 82 year old Milam county poineer citizen and retired mail carrier, who died at his home Thursday at 9 a. m. Rev. O. C. Acrey, pastor of First Presbyterian Church officiated at the service in the presence of many old time friends who gathered at the church to pay tribute to Mr. Wilson.

Mr. Wilson was born January 5, 1857, in Kansas. His mother dying at his birth, Mr. Wilson while still a baby, came to Texas with Mr. and Mrs. W. H. MaGill in whose home he was reared to manhood in the Marlow community. His father remained in Kansas and later started for Texas with a number of negro slaves for Mr. MaGill in appreciation of their kindness toward him and his son. He never arrived at the MaGill home as was planned but was believed to have been killed en route by the negro slaves.

On October 27, 1879, Mr. Wilson was married to Miss Matilda Katherine Hardwicke. For many years he was associated with the public schools of Milam county having served in a number of communities.

In 1900 he became post master of the old post office at Marlow known as the MaGill post office. Later he came to Cameron and continued in the postal service as a rural mail carrier in which capacity he served until 1933 when he was retired by the government.

Mr. Wilson joined the Cumberland Presbyterian Church early in life and was an elder in the First Presbyterian Church of Cameron.

Interment was in Oak Hill cemetery with Green Funeral Home directing.

Mr. Wilson is survived by four daughters, Mrs. George Mode and Mrs. John Mode of Cameron, Mrs. V. V. Bryant of San Antonio and Mrs. Earl Miles of Goose Creek; two sons, Okey Wilson of Houston and W. L. Wilson of Cameron; 14 grand children and 5 great grand children.

CARD OF THANKS

We desire to express to each one our deep appreciation for your expressions of sympathy and acts of kindness during our great sorrow in the loss of our dear husband and father, Mr. Frank Kolba. In times of such grief, it is comforting to know how deeply you sympathized with us. We thank those who gave flowers to express their sympathy and all who in any way assisted us.

Mrs. Frank Kolba and children.

NYA Project Needs Additional Furniture

Miss Helen Stokes of Austin is in Cameron today to begin her position as supervisor of the NYA Girls Project which opened in the old J. C. Hardy home in Hefley Heights today.

A number of applicants were being interviewed early Friday and it was expected the required number of 15 girls would be here to begin their training.

Miss Stokes who is a graduate of Texas State College for Women, will be assisted for the next few weeks by Miss Helen Beck, District Supervisior of Girls Projects. Miss Beck said the project was in need of additional furniture especially kitchen utensils.

Work undertaken by the project teaches the girls to refinish furniture, renovate articles that have been discarded for lack of repair and many other useful tasks as well as the art of home making.

Mrs. Bill Burns has accepted a position with Glass the Florist. Her many friends as well as the friends and patrons of the business will be glad to know she has accpeted this place.

WAGER IS PAID

Each year there is standing wager between the "National Leaguers" composed of John Hays, post master, Albert Collins, Archie McLerran and Paul Laake and the "American Leaguers" composed of H. E. Garner, Joe Matula, Earl Burke and Edgar Wilson, all of the local post office, as to the result of the World Series.

This year those who bet on the National League winning the World Series, bought the oyster supper. The supper was enjoyed at the dining room of the Cato Cafe on Thursday night. Coach L. C. Wood and Bob Terry were special guests.

Women: "Build-Up" To Relieve Pain

A weak, run-down, undernourished condition calls for attention!

Such a condition often enables *functional dysmenorrhea* to get its foothold. That's one thing which leads to much of women's suffering from headaches, nervousness, those cramp-like pains. A good way to relieve such pains, women by thousands have found, is by the proper use of CARDUI. It stimulates a lagging appetite, assists digestion and assimilation; thus helps build physical resistance to periodic pain. Taken just before and during "the time," many women also report that CARDUI helps to ease the pain and discomfort of the period.

Reds May Attack Turks

The German war machine appeared to have a flat tire today as the allies coasted along in the wake of important diplomatic victories on all fronts.

There was, however, an alarming note in developments over night between the Soviets and Finland. What amounted to a virtual declaration to proceed against the tiny Baltic state, to the effect that Russia intends to was the announcement made by official news services from Moscow to the effect that Russia intends to protect her interests regardless of consequences. Finland was charged by Russia with making warlike preparations.

Germany had proceeded to order all her nationals out of Turkey. This development was said to indicate that Russia intends to attack Turkey. The Soviets have made demands for garrison space in Black Sea areas near Bosporus. These demands will be rejected.

Repeal of the arms embargo was completed last night when the House of Representatives completed its vote. Germany and Russia now claim that America has sided with the allies and is a virtual beligerent.

NYA RESIDENTIAL PROJECT OPENED HERE FRIDAY

Milam county's NYA Resident Project was officially opened on Friday, November 3, in the J. C. Hardy home located at 17th and Jackson Streets.

up and wed;
He wanted biscuits,
pies and bread
And sweetness and
affection.
Her love was true,
but oh, her bread!
Her biscuits were
as hard as lead—
Slim needed
some protection!

He bought some
Gladiola flour,
And presto! from

Her baking took
the prizes!
And if your man is
glum and black,
You'll find that
Gladiola sack
Is full of GLAD surprises!

Germany indicated today that there is widespread resentment throughout the Reich against Norway for the internment of the prize crew of German sailors aboard the City of Flint.

The American ship was turned over to its crew by the Norwegian government after the German prize crew headed it into a Norwegian port.

The City of Flint, flying the American flag, is no doubt now somewhere in the North Sea making for home.

The German government announced its intention of holding Norway responsible and said that the Norwegian government would be expected to pay Germany for the value of the cargo aboard the City of Flint.

Repeal of the American Arms Embargo was regarded in Germany as an un-neutral act but there was no outspoken criticism.

Except for meager developments outlined in casual broadcasts today, there was nothing of consequence to report from the European war. The situation with reference to Finland continues to be grave with Russia threatening military invasion of the tiny Baltic state which has flatly refused to give Russia naval bases on Finnish territory.

JOHN ANGELL, 87, PIONEER IS DEAD

John Angell, 87 year old Milam county pioneer and for many years a prominent farmer of the Ben Arnold section, died at the home of his son, Jesse Angell, Thursday afternoon at 5 o'clock

Mr. Angell had been in declining health for the past several years and had been quite ill for the past few days.

Funeral services were conducted Friday afternoon at 4 o'clock from Walkers Creek Baptist Church with burial in Walkers Creek Cemetery Green Funeral Home was in charge of arrangements

Mr. Angell is survived by his six children as follows: Jesse Angell of Ben Arnold, Johnny Angell of Houston, Charlie Angell of Austin, Fred Angell and Mrs. Abner Ingram of Cameron and Preston Angell. He also is survived by one brother, Charlie Angell who lives only a short distance from the home of his brother.

Mrs. Minnie Sager was hostess at a party honoring her daughter, Evelyn Norene on Saturday, Nov. 4, the occasion being the honoree's 11th birthday. Entertainment during the afternoon included active games played outside. The children were later invited into the living room where each was met at the door by the hostess and presented with an animal balloon. Contests were held and prizes were awarded to Mrs. Egon Vogelsang, Ervin Rummels, Irene Lindeman and Wada Jean Sager. Many lovely gifts were opened among which was a cedar chest presented to the honoree by her grand mother Becker and Uncle Dan Dorner. The guests all gathered around the table for the candle lighting ceremony where large pink and white birthday cake stood in the center of the table on a white lace centerpiece. A color scheme of pink and white was observed in the plate favors which were tiny candy baskets. Sandwiches. cookies and hot chocolate were served to Evelyn Nell Janicek, Florine, La Verne and Kenneth Mueller, Gene, and Joe Friemel, Bobby Kalkbrenner, Henry Reddehase, Jr., Fredrick and Billy Frank Collins, Minnie Marie Vogelsang, Katherine Rose Kraus, Irene Lindeman, Flordine Folschinsky, Ollie Jean and Robert Lee Folschinsky, Erwin Rummel, Roy Becker, Lucille Dorner, Evelyn, Wanda Jean and Clarence Sager,, Frances and Marie Vogelsang, Nancy Lee Becker, Elwood Birkelbach, Mrs. Raymond Barkelmeyer, Mrs. Egon Vogelsang, Mrs. O. Joe Denounces Adolf in Late War Puzzle

Russia today denounced Germany as a capitalistic state along with England and France and included all three countries as well as the United States in the category of monsters.

It was said in a noon broadcast that the speech by Molotoff which followed the official pronouncement of Monday of Russia's attitude toward the war, was received in Berlin as the most stunning blow since the war began. The German capital was said to be silent although badly shaken and dumbfounded over this sudden turn in affairs with the Moscow ally.

Concentration of 60 German divisions or the French frontier near Forebach was said today to indicate a German thrust into France.

Belgium and Holland were in close constultation over a joint answer to Germany following an ultimatum by Hitler on Monday in which he asked the Belgian government to refrain from making an alliance with any nation.

The first reaction over the repeal of the embargo in the United States was a wide protest from sea men who will be without jobs and a march on Washington was forecast, especially if American vessels are registered and manned by foreign crews.

CARD OF THANKS

Though words are sometimes inadequate to truly express one's real feelings, we want our friends and neighbors to know how sincerely grateful we are for the many kindnesses shown us during the illness of and at the death of our father, John Angell. We especially thank those who expressed their sympathy by sending flowers and for each word of consolation we are truly appreciative.

Contract Let for Repair Work on Cameron Postoffice

The contract for improvement of the Cameron post office building has been awarded to N. O. Finch of Grand Prairie, Texas, it was announced here Tuesday by John R. Hays, postmaster.

The specifications call for the expenditure of $2,281.00 and the work includes interior and exterior painting, repairs where needed and a few changes in the building.

Mr. Hays said although he had not learned just when the work would begin, the contract called for completion of the repairs by December 28, 1939. He added however, that it was expected the work would be completed before the December holidays.

Every effort will be made to arrange the repairs so that the work will not interfere with the usual business and inconvenience the public, Mr. Hays said.

North Elm Man Adjudged Insane Escapes Asylum

J. M. Coley has escaped from an Austin institution for the insane, it was learned when attendants at the institution notified the sheriff's office here. The sheriff's department was asked to hold Coley until the institution could send for him.

Coley was found of unsound mind by a jury in county court here on June 23, 1939, after he had been arrested following his attempt to run his family away from their home and had driven his son away from his farm work.

Vernon Russell of String Prairie transacted business in Cameron on Friday.

BARNIE SHUFFIELD DIES IN HAMMOND

Barnie Shuffield, 50 year old World War veteran, died at his home in Hammond at 7:30 p. m. Monday after having been critically ill for the past two months.

Funeral services were conducted Tuesday afternoon from Little River Church with interment in Little River cemetery. Coleman Funeral Home was in charge of arrangements.

Mr. Shuffield had lived in Cameron until two years ago when he moved to Hammond.

Mrs. Jesse Brock and Mrs. T. E. Crump were Waco visitors Monday.

Council Takes Loss On Killeen Game

Public interest in football is at a level never before known in Cameron.

At no time during the season has the gate receipts been up to standard. Last night as Killeen kicked off to the Yoemen, not a single spectator was in the south stands. If anybody from Killeen came to the game, they were either peeping through the pickets or attending the picture show.

W. C. Weise, ace commentator on the public address system at the field, kept a lone vigil in the far southwest corner of the empty stadium.

The Athletic Council guaranteed Killeen $40 to bring their Marsupials down and it was reported this morning that the headache would amount to about $30.

Carter Brogdon will be a week end visitor in Houston. Accompanying him in his car were Mrs. Dewey McElwrath who will visit her daughter, Miss Norma Jean McElwrath, student at Draughon's Business College and Miss Sydney Stidham.

Jesse Thompson of Rockdale, district manager of the American Legion was a Cameron business visitor Tuesday morning.

Mrs. C. F. Spiller is much improved following treatment for an infection of her left eye.
